What was done:

Finished up CRC cards -Dion

Are there any problems?

Figma needs flow aspects added as well as comments.

Communication should be more clear cut within group moving forward

Discussion:

- Preface any new software used for people who are not familiar
- Go through story tokens in backlog
- Go over crc again

Questions:

- None at the time of recording

Action:

- Went on figma and finished the main body of design for the storyboard
- Began the prototyping
- Double checked criteria from user stories against figma storyboard
- Added readme to git submission

Future:

- Finish prototyping
- Add story points
- Discuss future plans after submission
